HUMPHREYS'S SPECIFIC HOMEOPATHIC REMEDIES. LETTERS FROM THE PEOPLE, REMARKABLE CURES. TESTIMONIALS. NO MORE DOUBT.

QUESTION SETTLED. We suppose it is natural for every pullet to think that the last egg which has dropped from her feathers is the whitest, the roundest and the largest egg in all pulletdom, and we know it is common for every man to sonsider his last particular improvement as the summit of human achievement, and to herald his tin whistle as the loudest trumpet ever sounded on the field of battle. But having devoted the thought, investigations and most of the labors of the last eight years to the develepment and perfecting of a series of Remedies for the people, and having witnessed the good effects of these Remedies in hundreds of instances, and received the congratulations and testimonies of scores of others to the same purport, we think we are authorized to spread the matter before the people and claim a trimmph for our common humanity. For if disease may be warded off and prevented by the parent or suree with a box of sugar pills, and if grave diseases can be sured by medicines not only inocuous and harmless but tasteless and pleasant alike to invalid and baby,

hemanity has certainly gained somewhat. We present this series of Specific Remedies as the result of our labors, and we claim for them these ad-Vantages:

THEY ARE HARMLESS. In no instance do they produce injury, neither to sick or well, old or young. THEY ARE SIMPLE.

You always know what to take, and how to talze T. The system is directed of all intricacy and techni coling and brought down to the wants of every day life. THEY ARE CONVENIENT.

A thousand times some little curative is needed when you esald not go to the dector-have not the time or the money to spare, for doctors are sometimes an expensive as well as distant luxury. THEY ARE EFFICIENT.

Thousands have been cared by them. Read the tes timony. You often cure at first with the ounce what you afterward could not relieve with the pound.

LIST OF MEDICINES.

No. 1. FEVER PILLS .- For Fever, Congestion and Inflammation of all kinds.

No. 2. Worm Pills.—For Worm Fever, Worm

Colic, Wetting the Bed. No. 3. Bany's Pills.-Fer Colic, Crying, Teething and Wakefulness.

No. 4. DIARRHEA PILLS,-For Diarrhee, Cholera Infantum and Summer Complaint. 5. DYSENTERY PHAS. - For Colic, Gripings,

Dysentery or Bloody Flux. No. 6. CHOLERA PILLS.-For Cholera, Cholera Morbus, Vomiting.

COUGH PILLS .- For Coughs, Colds, Hourse ness, Influenza and Sore Throat. No. 8. TOOTHACHE PILLS .- For Toothache, Face sche and Neuralgias.

No. '9. HEADACHE PILLS .- For Headaches, Vertigo, Heat and Fullness of the Head.

No. 10. DYSPETSIA PILLS.—For Weak and Deranged

Stomachs, Constipation and Liver Com-

No. 11. FOR FEMALE IRREGULARITIES, Scanty, Painful or Suppressed Menses. No. 12.-FEMALE PILLS .- For Leucorrhoes, Profuse

Menses and Bearing Down. No. 13 .- CROUP PILLS .- For Croup, Hoarse Cough,

Bad Breathing. No. 14 .- SALT RHEUM PILLS .- For Erysipelus, Erup-

tions, Pimples in the Face. No. 15 .- RHEUMATIC PILLS .- For Pain, Lameness, o Soreness in the Chest, Back, Loins or Limbs

A .- For Fever and Ague, Chill Fever, Dumb Ague old, mis-managed Agues. P.—For Piles, Blind or Bleeding, Internal or External.

O.—For Sore, Weak or Inflamed Eyes and Eyelids;

Failing, Weak or Blurred Sight. C .- For Catarrh, of long standing or recent, either with

obstruction or profuse discharge. W. C .- For Whooping Cough, abating its violence and shortening its course.

HEAR WHAT THE PEOPLE SAY. None are so well qualified to give evidence as those who speak from experience, and testify unbiased by

Prof. HUMPHREYS & Co.—Dear Sir: Your Homeopathic Specific Remedies have most efficiently superseded all other kinds of domestic medicines, wherever their adaptations and virtues have become

k.cown.

I have had much pleasure in commending them

I have had much pleasure in commending them from personal experience, to many of my friends, and have done so with full confidence in the correctness of your composite theory, and of the principles on which your specifics are prepared. My observation of the results of their use has been rather extended, and those results I have found to be invariably beneficial and of the most carisfactory kind.

SPECIFIC HOMEOPATRIC REMEDIES

FOR DOMESTIC AND PRIVATE USE.

HUMPHRETS & PALMER, No. 562 Brosdway, New-York.

JUST WHAT THE PEOPLE WANT.

No great public want can long remain unanswered. When a condition of things has become developed so that a great public want is realized either in theology, civil government or physics, that very want or demand is sure to create a supply. The hour will create the man, and the need the thing. Witness the sewing machine, the reaper, the telegraph. There may be several abortions. Many may run before they are sent, but ukimately hum nity will triumph, and the

went be supplied. It cannot be that Me licine will long remain what it has been, a mass of 'intricacies, of which they who know most know liftle, while the confident pretender is sure to be a knav a. Nor will it be always a system so intricate and of secure that only the priests of the temple can speak, its language, or interpret its symbols, or an orac', e so equivocal that he who consults the priest fares as illy or worse than he who abjures the temple alt ogether. There must ere long be a system that co mes down to the wants of humanity in every-day I' fe, that meets the want of the mother at her cradle, the nurse at the bedside, the father on his journey, c r the sailor on the sea. Something, or some system U int everybody can have, and everybody can use, to arrest the first invasions of disease, and to re store the ruddy current of life ere its fountains are

vitiate d and its forces undermined.

Old .-echool medicine, with its crude drugs and poisons on never meet this want. That is a game long since pla ,ed out, a thing well understood. Equally futile the , vaunted panaceas and elixirs which ignorance has by gotten and folly sustained. The water-cure can ever be more than a doubtful expedient or useful palliative in the hands of the people. Nor can the usual form of Homeopathy, however large its domestic manual or complete its assortment of tinctures and pellets, be ever anything more than an amusing pastime in the hands of the people. The system was never designed for such use, and can never fill such a

Does our system of Specific Homeopathic Reme DIES meet this want? It becomes one to speak with modesty of his own productions; yet we but echo the entiment of thousands who daily use them, and have ong experienced their efficacy in a thousand varying occasions, when we say that they are just what the people want, economical, simple, prompt, reliable, and yet without darger in their use. For this they were designed and intended-to serve as the ready resource to the mother and nurse, to meet the wants of the home and fireside, as well as to be the companion of the traveler. To be, in fact, the great system of popular medication divested of all intricacies and technicality, and brought down to the common use and level of everyday life. For this end we have expended several years of labor and study, to say nothing of money, and in this aim we trust to succeed, a success of which any man may be proud.

LETTERS FROM THE PEOPLE. James H. Porter, Amityville, Long Island, writes

James H. Porter, Amityville, Long Island, writes:

AMITYVILLE, June 5, 1858.

Dr. Humphreys—Dear Sir: I should be doing violence to my own feelings, as well as injustice to the community, did I withhold from you the great cures which your Specific Remedies are performing in this community. I have only had the agency of your valuable preparations a few days, and yet within the last ten days I have cured three very bad cases of Dysentery, each cured within twelve hours of commencing to take the remedies; in fact, the benefits were perceptible within one hour after commencing the use of the medicine; and so prompt and thorough was the cure that the persons hardly believed their own feelings. One very bad cases of Cough, of four months' standing, was entirely cured in a few days, and there has been no return whatever. Also, one case of Piles, of over 12 years' standing, was very much relieved within one week by simply taking your Pile Specific, with every prespect of permanent cure.

Fig., with every prespect of permanent cure.

Our people are beginning to realize the difference between the drugging and sickness of the old system, and the taking of your little sugar pills and prompt restoration of health. Please send me copies of your recent Journal, &c. Very respectfully.

JAMES H. PORTER.

Cyrus Marsb, Second, of Natchez, Miss., writes:

Cyrus Marsb, Second, of Natchez, Mies., writes:

NATCHEZ, May, 1858.

Dr. Humphreys—Dear Sir: The invoice of your Specific Remedies, which you sent me from Utica some two months sgo, are all sold, and might have been much sconer, had I given any particular attention to the subject. So far as I have learned, they have rendered the purchasers good satisfaction. I have used them in my own family with the most gratifying success, and would not be without them on any account. I herewith endorse draft, the amount of your previous invoice, and beg you to ship me, via Newprevious invoice, and beg you to ship me, via New-Orleans, one dezen four dellar cases, two-dollar do, and twenty five dezen of the single boxes, with directiors, and for which I will remit on receipt of invoice. Truly yours, CYRUS MARSH, Second.

From C. D. Mead.

Otsego Co., N. Y., July 20, 1858. Dr. HUMPHREYS: Your medicines are giving in-creased satisfaction to those who have used them most and who know most about them. There are three and who know most about them. There are three cases of which I wish specially to speak, as follows:

Neuralgia.—Mr. A. B. J. of this place was attacked one year ago this Spring with this distressing complaint in his head, face and teeth, together with a discased stomach, so as to unfit him for labor for several weeks, and was, during much of the time, confined to his bed. By taking less than one box of Neuralgia Pills and a few of your DYSPEPSIA PILLS he was entirely cured in a very short time, and has had no re-

turn since.

Piles.—A middle sged woman in this place, who has been afflicted with Piles for some time, and who failed of being cured by a physician who is called skillful in this complaint, was cured in a very short time by taking less than one box of your invaluable PILE PILLS.

Philis.

Another.—Mr. R. B. of this place, who last Fall was cured of an inveterate cough and cold, which threatened to end in a quick consumption, by the Cough Philis, had been suffering for a few weeks past severely with blind Piles, and was induced by me to try your Philis. His son told me last First Day that he experienced entire relief in forty-eight hours, to his complete astonishment and delight. I could fill a sheet and more in giving instances of the success of to his complete astonishment and designs. I could have a cheet and more in giving instances of the success of these remedies in cases of Coughs, Colds, Croup, Worme, Pyspepeia, Fever, and similar diseases.

Thine truly, C. D. MEAD.

From N. Huntington, Rochester, N. Y.

From N. Huntington, Rochester, N. Y.

Prof. Humphress—I most cheerfully record my opinion of the use and value of your Specific Homeopathic Remedies.

In the Autumn of ISM, I was suffering from a chronic diarrhea, contracted on the Mississippi, and was also alarmed by symptoms of inflammation, so as to seek medical advice. A dose of calcimel and their was prescribed. But in calling on the druggist, who was only an agent of your Remedies, and having seen favorable notices of them, I changed my course, purchased a case, and commenced taking the Diarrhea Pills, and cording to your directions. In a few days I found my complaint entirely subdued, and have had since very little trouble with the difficulty.

Subsequently I had a young man attacked with violent dysentery, who first applied to a physician, but without success, when I procured him a box of your Dysentery Pils, which he used according to the directions in your little Manual, and was quite well ind shout again in three days.

your Dysentery Pills, which he used according to the directions in your little Mannal, and was quite well und about sgain in three days.

A Mr. C., aged 21 years, was attacked the second time with crysipelas (crusty gruption), the entire scal being covered with blisters, was suffering extremed the second days with high fever and rapid inflammation, and was in a very estited condition. He took from my little case of your remedies, your Salt Ringum Pills, according to your Manual, and in three days was able to attend to his business, became well, and has not had a retain of the complaint since, now two wasts.

I have used other remedies of yours in cases not so marked, and have found them highly useful, espe-cially the FEVER PILLY, which I consider invaluable. Rechester, M. Y. Feb. 18, 1888.

SPECIFIC HOMEOFATHIC

POR DOMESTIC AND PRIVATE USE. RUMPHREYS & PALMER, No. 362 Broadway, New-York.

through imagination. Its cures are no cures, only its patients imagine they are cured. But is it not a little singular that imagination should be so potent to care with our small doses, and so impotent to cure with the large ones of the old school? If the principle were good for anything, the larger the doze, the more imsgination should cure, but the converse of the proposition proves its falsity. But we cure children, even infants, a year, a month, or a week old. How about imagination in their case? It is also well known that our treatment is very successful in the cure of horses, cattle, and other animals. Does imagination curthe day are those who use Homeopathic remedies expractice, experience having shown the immease superiority of this treatment for animals. We shall have to invent a new intellectual system for this order of beings, or confess that the imagination theory of cure is exploded.

HUMBUG. Much is said in these days about "humbug," and "being humbugged," and the term is not unfrequently applied to Homeopathy and its practitioners. can there be a more perfect humbug than to draw

Dect. F. HUMPHRETS-Dear Sir: Some months since I received from you a case of "Specific Homeo-

since I received from you a case of "Specific Homeopathic Medicines."

I am happy to say that I have used the remedies for myself, my family and friends, with decided and beneficial results. So much so that in every instance a case of the remedies has been desired and purchased of your agent. I could give many instances of almost interactions relief, and of attacks of fever arrested in a few hours by their use, but it is unnecessary. Please accept my thanks for the case so kindly sent may and be assured I shall most cordially recommend a preparation so powerful for good.

Wishing you great success in your effort to diminish the lis to which human flesh is heir, I am,
Most truly and fraternally yours.

Pastor of M. E. Church New-York.

Prof. Humphreys—Pear Sir: Some time early

Pastor of M. E. Church New-York.

Prof. Humphreys—Dear Sir: Some time early last year my name was given to you by my friend Mr. G. of your city; thereupon you sent me your journal. After reading it I was induced to purchase a case of your medicines from your agent here, Mr. Radde, and have continued to use them in my family ever since with the best of success—especially with children—so that I now feel that I would not be without them under any circumstances, and can rely upon them with a great deal of confidence. Inclosed please find \$6, for which send me a \$4 case containing vials which I have seen mentioned in the Journal, and \$2 case for a friend, and much oblige yours truly.

New York, Oct. 7, 1856.

Mrs. H. E. Walker, No. 42 Silver-st., Roston, writes: Dr. Humphreys—Dear Sir: I have now used your medicines in my family about four years, and with the blessing of God have carried my children, three in number, through the Measles, Mumps, Chicken-pox, Whooping cough, and my youngest the Scarlet Fever, without ever having a physician in may house. I have also given your Specific Remedies tomy friends in many instances, and have always been gratified with prompt and satisfactory results. I think if your romedies could be obtained in Boston large quantities of them could be sold, as there are many who would make use of them at once. Very respectfully,

Mrs. Heles E. Walker.

From Cyrus Burkens, etq., Saugerties, N. Y.
Your Remedies have effected many cures here.

From Cyres Burkers, esq., Saugories, N. Y.
Your Remedies have effected many cures here.
No. 7 has proved an excellent PREVENTIVE as well as
CURE for coughs, colds, &c. No. 10, for dyspepsia,
and No. 9, or Headache Pills, have certainly given
the best satisfaction. The same can be said of your
RHEUMATIC, SALT RHEUM and DYSENTERY Remedies; and the frequent calls for OPTEALMY PILLS give
sure evidence of their efficacy in cases of sore, weak
or inflamed eyes. As a series of Domestic Remedies,
they are unequaled.
Here is our list of Remedies, and some of the cases
used by them, and a part only of the testimonials given

cured by them, and a part only of the testimonials given of them. We could fill pages with them, if we were careful to gather them up or preserve them, but want of space forbids. What is said of DYSENTERY, COUGH or DYSPERSIA Specific could also be said of the remaining medicines in the list.

No. 1. FEVER PILLS.

Bilious, Congestive and even Typhoid Fever. Inflam mations and Congestions of the Head, Chest, Liver,

reducing the proce and preparity of the pulse, relecting heat and producing perspiration.

Concention of the Chest.—A stout young man, some 20 years of age, laboring daily in the open air, complained of pain in both sides on deep inspiration, a constant sensation of weight and heaviness in the chest and labored breathing. He had a hard, severe cough and quickered pulse, complained of depression and weakness. This state had existed nearly two weeks. He commenced taking Faver Piths—one pill three times per day. After two or three days he found himself much better, and in two weeks had quite recovered.

s mply our FEVER and COUGH PILLS, and in three days was able to again go about his business. Scarlett Fever.—A gentlemen of Fieming, Cayuga

Scarlet Fever.—A gentlemen of Fieming, Cayuga County, informs us that he considers our Fever Pills of inestimable value in this disease. He sold a case of the Remedies to a family where the children were down with the scarlet lever, and, after a trisl of them, they were satisfied that there was nothing better for that disease than the Fever Pills. The family, numbering some six children, all had the disease, which prevailed around them, and during the entire course with the reversal children, they simply gave the Fever Pills dissolved in water, a desert spoonful of the fluid, made in the usual form, every two hours, and, without calling a physician, all were promptly and permanently rein the usual form, every two nours, and, whoult can ing a physician, all were promptly and permanently re-stored to health, and are firm believers in the value of the Specific Remediee. There were two other cases in the immediate neighborhood, where large families of children were safely carried through the disease by the use of the same remedy, without the aid of a physician

use of the same remedy, without the aid of a physician. A child of 4 years, in the country, was attacked toward sundown, after playing out during the day, with a most violent fever—face red, head and body het, throwing off a glow of heat, pulse quick, raging thirst, and restless tessing and wild talking, made up the frightful picture. The father discoved two Free Puls in one glass of water, and gave a spoonful every hour. By 3 o'clock, she was more quiet; at 10, perspiration began to appear, and she dropped to sicep. At midnight, she was sleeping quietly, and long before morning all went to rest, and the child awoke at breakfast time, pale, fatigued and feeble, but the fever all gone, pulse quiet, and skin cool; and by the next day cot ld be considered as well.

Cases like the above occur every day, and almost

Cases like the above occur every day, and almost homly; and had Homeopathy done nothing more than to give the world a mild and pleasant medium that reduces ferer to promptly and safely, it would have deserved the blessings of markind.

No. II. WORM PILLS.

For all Worm Complaints in Children or Adults Werm Fever, Worm Colie, Vorscious Appetite, Pick ing at the Nose, Wetting the Bed. A pleasant, said and rational remedy. Were it necessary we could give a large number of remarkable cures effected by them. But their efficacy in relieving and curing disease is too well established in this community to require any such extificates.

J. A. A. J. E. Bell, Deater, Jeffersan Co., N. Y.

energ the cowers, to your large more reported in the real good is done. This medicine, by curing the condition on which Worms depend, of course radically cures them, and is not only safe, but the only way in which Worms can be destroyed, and the system perfectly cured. It has cured, when all other medicines have failed.

HUMPHREYS"

SPECIFIC HOMEOPATHIC

REMEDIES.

FOR DOMESTIC AND PRIVATE USE, HUMPHREYS & PALMER, No. 362 Broadway, New-York.

The question is frequently seked, Wherein do your Specific Medicines differ from the usual Homeopathic preparations? We answer, they are medicines for particluar diseases, or that general aggregation of symptoms constituting a particular disease, and spenifically adopted to its cure. Other Homeopathic Medicines are general remedies, which may be applied in the hands of a skillful practitioner to a greater variety of merbid conditions, but a proper application of which requires an intimate knowledge of the nature and characteristics of the medicine, and an equally intimste knowledge of the peculiarities of the disease and patient-a knowledge which an amateur always fir de it difficult and often impossible to possess. So that while Specific Medicines are early and readily applied, the usual Homeopathic Medicines are select ed with great difficulty and doubt. For instance, while everybody knows what a cough, a headache, or diarrhea, or suppressed menstruation is, yet but com-paratively few know, and all will find it difficult to learn, what are the characteristic indications for the use of Mercurius, or Belladonna, or Pulsatilla &c. and without this knowledge the medicine cannot be prescribed with precision. The action of the remedies n both cases is the same—the principle upon which they cure the same-only in one case the knowl-EDGE, SKILL AND EXPERIENCE OF THE PHYSICIAN ARE EMPLOYED IN ADAPTING THE MEDICINE TO THE DIS-EASE, AND IN THE OTHER THE AMATEUR, WITH HIS BOX AND BOOK, SEEKS TO DO IT FOR HIMSELF.

Our medicines are put up in larger pellets than those naually employed by Homeopathic physicians, because they are more convenient to take than small ones, and because they retain the medicine much more firmly and for a longer time than in the shape of smaller pellets.

Some persons object that if they have a case o remedies in their house, being so pleasant to take, they or their children are constantly dosing themselves with sugar pills. But why not? If they have a headache, or pair, or cold, or other allment, trifling though it may seem, is it not better for them and better for all that it be relieved? Nothing is gained by permitting it to continue-but the contrary. Such trifles are often the cant courriers of serious and life-periling diseases. And if you can relieve such sufferings by harmless Sugar Pil.15, you should accept the blessing gratefully, rather then be chliged to employ the poisonous drugs so often resorted to.

No. III. BABY'S PHAS. For all complaints of Infants and Young Children such as Colic, Crying, Worrying, Sleepleseness, suffering from teething; also, for slow growth, debility and general feebleness of children, these pills are a true panacea. They contain no opium or anodyne, and yet quiet and calm the system, relieve colic and the irritation of teething, and induce a pleasant and natural rest, without the disadvantage of opiates or drugs. Many old nurses, who know their value, will not nurse lying in women without them

No. IV. DIARRHEA PILLS. For Summer Complaint, Loose Bowels, Diarrhed and Cholera Infantum; unquestionably the safest and most valuable remedy known for these complaints either for adults or children, and invaluable to traveling. These complaints, it is well known, carry thousands to their graves every Summer: and it is a most equally well known that anodynes, opiates and drugs generally do as much harm as good. This reme dy acts promptly, by checking the evacuations, restor ing them to a healty character, and thus curing the disease. Thousands have been cured by it every sea

disease. Thousands have then cured by it every season since its introduction to the public.

CHOLERA INFANTUM—A child had suffered some four weeks from love bowels, together with general feebleness and emaciation. One of the first Homeopathic physicians in the city had given it several pre-criptions to no effect. A box of Diarrhea Pills, one pill four times per day, perfectly restored the child in three days.

CHOLERA INFANTUM.—A child of eighteen months was tecthing, which was accompanied with loose

Cholera Isfastion.—A child of eighteen months was teething, which was accompanied with loose bowels, pale, sickly face, emaciation, wrinkies in the neck, sunken expression of the face, crying, petulant and fretful mood. It had become quite weak and prestrated, and was considered in a dangerous condition. A Diamenta Pill, given three times per day, and one of the Bary's Pills for its restlessness at night, entirely cured it in two weeks so that it regained its wonted humor, appetite, playfulness and strength.

strength.
CHOLERA INFANTUM.—A child had suffered some four weeks from loose bowels, together with general feeblerees and emaciation. One of the first Homeo-pathic physicians in the city had given it several pre-scriptions to no effect. A box of Diameter Philis, one pill four times per day, perfectly restored the child in three days.

Diarrhea and Cholera Infanton.—A child 2

Diagrams and Cholera Invantum.—A child 2 years old came up from New York, where it had been suffering all Summer with diarrhea and frequent vomiting. It was quite emaciated, pale ashy countenance, stools several times per day, thin, loose and very offensive, and frequent vomiting. Cordials and old-school drugs had only partially checked, not cured or controlled the diseases. A Diagrams per day entirely cured it in less than a week.

When it is recollected that 200 children died last

week in the City of New-York of CHOLERA INFANTUM to say nothing of those reputed as dying of other dis eases induced by this, the importance of a remedy for children in the form of pleasant sugar Pills, which promptly cures the disease, cannot be estimated. We could cite hundreds of cases of cures did space permit No. V. DYSENTERY PILLS.

For Colic, Gripings, Dysentery or Bloody Flux; a sovereign remedy, invaluable in the hot seasons and Fall of the year. Dysentery is known to be one of the most fatal diseases of our country-often quite baffling the ordinary means of cure, yet, persons have volunteered their testimony-showing that in every instance and the worst possible cases of Bloody Dysentery, this remedy has not failed to perfect a cure.

I. A gentleman of 45, florid complexion, full habit I. A gentleman of 10, florid complexion, full habit, getting his feet wet and cold, in the rain, was attacked with Dysentery of a violent character. It was at tended with frequent calls to stool every 15 minutes or half hour, with discharges of only muons and blood, accumpanied by violent colle, cutting pains and severe tenesmus or straining, also considerable heat, ecated tongue and quick pulse. A dose of oil and then of cordial had produced no relief. He commenced taking the DYSENTERY PILLS, one every hour, with prempt relief and the third day was able to be out.

II. A child four years old had Dysentery for three days, stools every two hours, of blood and blood-stained muous, colle, griping and cries. A DYSENTERY PILL every 2 hours entirely cured the case in 24 hours. III. A young lady of 20 was attacked with severe Dysentery, her bowels moving 15 to 20 times per day, III. A young lady of 20 was attacked with severe Dyzentery, her bowels moving 15 to 20 times per day, attended with severe griping pairs and violent tenesmus. The stools were mostly blood, and bloody mucue, at times recembling scrapings; considerable fever and prestration. The DYSENTERY PILLS, one every hour, entirely relieved the pain, and arrested the discharges in 12 hours, and the day following she considered havely well well.

ered hertelf well.

IV. A gentleman of 40 large and robust, while traveling in Michigan, was attacked with Dysentery, commercing with a sensation of weight and heaviness in meters with a seneation of weight and heaviness in the lower bowel and desire to stool, soon followed with griping and cutting pairs in the abdomen, and thin, watery stools, frequently repeated, with tenenmen. He commenced with the Dysentery Pills, with which he was fortunately provided, and found relief from the first pill. Continuing their use, he was entirely relieved in 24 hours.

V. A gentleman had been exposed while hunting and fishing for accordance was and sent the sent relieved in the sent relieved in 24 hours.

V. A gentleman had been exposed while hunting and fishing for several days, and was attacked with all the usual symptoms of Dysentery, colle, griping pains in the bowels, followed by a desire for stool, following each other with but little intervals. Stools thin and scanly, attested and preceded by pain and tenesmur. A Dysentery Pill every two hours soon relieved and vanquished the entire disease.

VI. Achild of 18 months teething, considerable fever and heat, frequent cries from cone, with drawing up of the feet and restless toesing, frequent stools of muons and blood, strenked muons with straining, screners about the arms. Dysentery Pills dissolved in four teaspoonsful of water, every hour. Cured in two days.

What more need be said on DYSENTERY, here is the remedy, MILD, PLEASANT, EFFICIENT.

Hundrede have been cured of Sore and Weak Eye by these Pills, with remarkable promptness and certainty. ORLASD Ind., Des. 21, 1856.

Dr. Humphrrys—Sir. I take the pen to express my gratitude to you for making medicines so valuable as yours certainly are. I have been afflicted with a weakness in my oyes for ten years, and a part of that time I have been entirely blind.

Different physicians nave prescribed for me, but with little benefit. Some two years ago I went to St. Lawrence County, thinking perhaps a change of climate would be a benefit; while there I was induced to try your OPHALMIA PILLA. But very few of my rierds knew of my taking them, as I winhol to by them and be satisfied myrelf of their virtues, at I have now taken them seven months, and I cut safely say that they have been the means of restoring my eyes to comfortable health. I can now do my own sewing, which two years ago no one ever expected. Yours respectfully, Mary M. Shiff.

HOMEOPATHIC CATARRH SPECIFIC. For Chronic Catarrh of long-standing, Acute Calari, or Cold in the Head, frequent Discharge from the Nose, Speezing, Acute Choryza.

3. A gentleman somewhat advanced in years, strong, robust constitution, had lately been a good deal affect ed with indigestion, weak stomach, coated tongue, had taste in the mouth, and attended with a peculiar vertigo and whirling in the head, so much so as to render his riding in a carriage or even mounting an eminence quite dargerous. After trying several things ineffectually, he fell upon the Dyspersia Pinks, which afforded prompt relief. A pill every night and morning works like a charm, relieving all his vertigo and other uppleasant symptoms. frequent, may almost universal prevalence, and the chronic forms are especially obstinate. Ordinary resethe most boasted Inhalation any better.

satisfy the most incredulous of its great value.

DYSPEPSIA OR WEAK STOMACH, CASE I.—A young man of 19 had Dyspepsia for two years, attended with a severe pain in the pit of the stomach, coming on during eating or as soon as food reached the stomach, and continuing through the period of digestion. The pain was severe and aching, sometimes extending to the shoulders; less if he ate very digestible food, and preportionably more violent as his food was less carefully relected. It was also worse during warm weather. The bowels were very contive—stools hard and dry. Allopathic medicines only made him worse, and the prescriptions of a very regular Homeopath failed to help him. He commenced taking the DYSPEPSIA FILLS, one pill three times per day, with prompt relief. In little more than a week this pain of two years standing had disappeared, and in a month more his bowels had become perfectly regular and he was entirely well.

2. A young lady of 26 had been troubled with indigestion for several months, as as to render great care necessary in the selection of her food. After eating, the stemach became acid, food rising in her mouth with water, and an unpleasant, heavy, load-like sensation in her stomach, centinaing for some hours, frequent headsches, bowels constipated, and a depressed mental condition. She commenced taking the DYSPEPSIA PILLS, one morning and night, and in less than a week almost every symptom of her disease had vanished, and she felt like a new being.

3. A gentleman somewhat advanced in years, strong, robust constitution, had lately been a good deal affect.

This class of disease, as is well known, is of very

works like a charm, relieving all his vertigo and other unpleasant symptoms.

Piles and Dyspersia.—A young gentleman had been for some months stilicted with Piles. They were internal, very painful, and bleeding at every stool. His stomach was also very weak, food lying like a load, and frequently rising in his mouth, sour or bitter, distress after eating, flattlence, and costive bowels. He procured, after trying other remedies with only temporary effect, a box of our Homeopathic Dyspersia Pills. This he did in opposition to the advice of his homeopathic physician, who told him that "the Pills were a humburg," &c. He, however, found himself relieved from the first dose, and in the course dies are of very little service in effecting a cure, mr is This simple Remedy, only taking a Sugar Pill more ing and night, promptly cures the slighter case, and its persevering use has not failed to relieve the worst
